

Kilima Camp Masai Mara Horse-Riding Safaris

Situated on the escarpment at the edge of the game reserve, bordering the official perimeter of the Masai Mara Triangle, Kilima Camp offers what camps in the Reserve cannot offer: Safaris on Horseback.

There is no better way to savour the wilderness of the Masai Mara and experience its unparalleled wildlife population than on horseback. Horses are the most natural and exciting means to explore the area.

Combine that with the lack of engine noise or any other artificial contrivance and you can see why so many people consider horseback safari to be a far superior experience than conventional vehicle-based safari.

Your hike will take you to areas with abundant Flora and Fauna. An equine Safari is of course best either at sunrise or sunset, which gives you a true feeling of being one with nature. Depending on your equestrian level, Trot, Canter or even Gallop will be your Gait. Riding on the Siria Escarpment with its' unsurpassed views is truly a very unique and unforgettable experience in the African bush.

Experienced riders (after an initial riding assessment in the arena) will get the opportunity for some faster riding. We can arrange 4 hours in the morning and 2 hours in the afternoon. The pace of riding is varied, between fast and thrilling gallops alongside giraffe, zebra and other wild animal. We take time to indulge in some of the best bird watching in the world.

If you are new to horse-riding, you can get a 30-minute lesson on basic horse riding followed by a 30 minutes excursion into our conservation for an experience you are yet to have, and will hardly find elsewhere.
